## A DEDICATED LAUNDRY SOLUTIONS PROVIDER!

We have been using G.A.Braun Washer Extractors in our hospital laundry since 1995. There are 10 400 lb., and 2 600 lb. machines, including a Medicare Washer.

In 2015, we purchased one Precision Series flatwork ironer, folder, and a stacker. We are getting seamless service & support from the local distributor of G.A.Braun!

Also Braun's professionalism in the order processing stages from production, shipping, delivery, after sales services, and technical guidance makes GA Braun distinct from other brands. We have been a proud owner of Braun equipment for two decades!
