

Hospital San Francisco de Asis

Grecia, Costa Rica

When it became time to upgrade our laundry, we looked no further than G. A. Braun. Our decision to purchase Braun washing and drying equipment was a good choice. The equipment functions as promised. It is durable, high quality, highly efficient, and easy to operate. It is a pleasure for us to work with Braun and to have their equipment in our hospital.

Marcelo Vasquez Rodriguez
Laundry Director
Hospital San Francisco de Asis
